# Restoration

Life Builders is a 180-day faith-based program for you to focus on your physical, social, mental, emotional, and spiritual development. This program takes men who are looking for help and builds them up through a variety of different ministries.

Life Builders is designed to help men become productive members of society. Residents are taught recovery principles as well as the skills needed to make positive changes in their lives. Through daily devotions, chapel services and one-on-one counseling, residents are presented with the truth of the Gospel and taught how to live a successful Christian life.

**WS Rescue Mission wants to help bring restoration. Seize the opportunity today!**

## Michael's Story

Before I came to the Winston-Salem Rescue Mission my life was filled with drug use. I tried many times to stop using, but couldn't. I was in and out of jails, institutions and homeless shelters. As a result of my addiction I lost jobs, a great wife and my relationship with my son and daughter. When I could no longer hold down a job or a place to reside, I knew I needed help.

After coming here I completed the 90-Day Life Builder's Program and the 1-Year Transformers Program. I am employed now, working on my GED and I am developing a support system including regular AA/NA meetings, home group and attending worship services at Winston-Salem First.

God has restored my relationship with my ex-wife and daughter and I have role models in my life today that have years of recovery.
